Dedication

to Mr. John Rich

The Memory of His Lifetime

John Rich was born on July 3, 1943 and died on July 28, 1992. He was raised in Lake Station with his five sisters and three brothers (eight of which were still living when he died). Rich was survived by his wife, Joan, and two daughters, Catherine and Christy.

After high school graduation from Edison, he went on to Olivet Nazarine University. There he majored in theology (the study of religious doctrines, God, mankind, and the universe). Then in 1988, he received his masters degree in learning disabilities at Indiana University Northwest.

His teaching career began at Edison Jr/Sr High School.

He also taught at Beverage Elementary (in Gary). He was teaching at Aetna Elementary (in Gary) when he died.

Rich decided to run for the first elected Lake Station school board in 1991. He felt that the former school board wasn't doing a good enough job. With the encouragement of family and friends, he ran for the position on the school board (unopposed) and won.

Mr. Rich, a very kind person who had a lot of friends, was very active in the community, especially in church. Along with being an elder, he taught Sunday school classes and sang in the church choir. Some of his favorite Bible verses were 2nd Timothy 1:12 and 103rd Psalm.

2nd Timothy 1:12 "For the which cause I also suffer these things: nevertheless I am not ashamed: for I know whom I have believed, and am persuaded that he is able to keep that which I have committed unto him against that day".

Mr. Rich loved to go fishing and camping. Two of his favorite camping sights in Indiana were: Turkey Run State Park and Brown County, in Michigan his favorite get away place was Indian Lake.

During his life, Rich followed a few simple rules: "If you're going to do it, do it right", and "Be the best you can be". These rules got him far in life, and helped him to accomplish goals. So this book is dedicated to John Rich, and his memory.

Theme Description

An Attitude & More . . .

This book is all about the Eagle attitude and what it is. The word attitude is defined as being a manner or position of acting, feeling, or thinking that shows one's disposition, opinion, or mood. We think it's much more simple than that. It's whatever you want it to be, to use at your convenience. If you wanted, your attitude could be a paintbrush or crayon for you to use to color any situation. It could also be a wall, to hide something. So develop an attitude, an attitude is

what
you
make
of
it
!

Amy Holland
turns her attitude into a helping hand for Lisa Anderson.

Zach Kinsey
turns his attitude into artwork.

Bottom right: Anna Lewis was home grounded.

The New Year's Eve celebration, is it saying hello to the new year or goodbye to the old? Was your year full of disappointments and things you never got around to or did you just have a bad year. Well, your in luck now...you have a chance to hope for a better one.

On the other hand, if your year was full of unexpected

surprises and you accomplished all your resolutions, then wish for more of the same.

This New Year's Eve tradition has been going on for what seems like forever and we will continue to do just that. No matter what your personal reason is to celebrate no one wants to miss the big count down...10, 9, 8.....

EDISON AFTER THE BELL SOUNDS!

Most of Edison's semi-formal dances end at nine o'clock and usually games don't last too much later. So, the students are left with most of the night open for other activities.

Not everyone does the same thing or goes to the same place. It varies on the individuals and their friends.

But one thing that they all did have in common was -they had fun!

Cindy Lopez goes to her friends' house after a game to make a grilled cheese sandwich , like she always does.

Top: Jamie Layton & Crystal Lopez, Jorge Rodriguez & Chris Jackson, Ricki Ramos & Stephanie Villanueva at the Valentine's Dance.

Bottom: Dawn Gonzales & Cesar Ruiz, Veronica Zambrana & Junior Lopez, Jamie Colon & Wally Martinez before the homecoming dance.

True
Friends
Are
Forever!

You have the best of them,
In the worst of times.
The people who make you laugh,
Until you start to cry.
They're with you through the bad times,
Still at your side during the sad.
When you need someone to listen,
Or want a helping hand.
As you get older,
Some day you might have to part.
But you'll always have a picture,
And the memories you shared in your heart.

STUDENT

The Quality of Friends

1. *A true friend* is honest
2. *A true friend* listens to your problems.
3. *A true friend* can keep a secret.
4. *A true friend* is loyal.
5. *A true friend* will accept you for who you are.
6. *A true friend* thinks of you when you're not there.
7. *A true friend* will advise you, but not tell you what to do.
8. *A true friend* won't abandon you in your time of need.
9. *A true friend* will always be willing to make up.
10. *A true friend* will be there when the good times aren't.

Name Your "PASTIME"

Above: Kindra Sorrels in a cat stance.

Below: Crystal Lopez with her 3 first and 2 third place Taekwondo trophies.

Do you ever wonder what people do with their spare time. Well, we decided to find out. We asked some of the student body what they do as a pastime. You might be surprised that we found that many people do things you would never have suspected.

Kindra Sorrels takes karate in her spare time. She has been studying in Crown Point for almost a year. Right now she is ranked as an orange belt. Her dream is to someday become a black belt.

In Crystal Lopez's past time over the years she has taken karate in Hobart for three years and is ranked a yellow belt. Also, has taken Taekwondo in Merrillville where her rank is purple belt. Crystal's goal is to win first place in Spar-

ing at Nationals.

Dancing has been Angie Cleveland's hobby most of her life. She enjoys various types of dance such as: jazz, ballet, tap and lyrical. Together she has about 10 years experience. Angie studied dance in Romeoville where she lived before moving to Lake Station. Now she studies at Natalie's School Of Dance.

Fishing is where you'll find Andrew Szwajkowski whenever he can get away. Andrew has been fishing for the last 8 years. He enjoys to fish on Lake Michigan better than any other place he has been. A 25 pound Chinook salmon is his pride and joy.

To these Edison students, hobbies are not only a pastime, but a way of life.

Lisa Anderson's biggest fear is that she won't be accepted into society.

SOCIAL

1. Losing all my friends
2. Embarrassing myself in front of people
3. Getting dumped
4. A close friend dying
5. Being talked about
6. Failing in the real world
7. To be beaten up
8. Dying
9. Talking to strangers
10. Talking in front of a big crowd

The most common answer to the question, "What are you scared of?" was "I have no fear."

Whether it be something as little as spiders or as big as death, phobias are everywhere. Deep down, everyone is scared of something or another.

American Attitude

Demi's
View

Demi poses for a quick picture in front of her locker, between classes.

Demi visits downtown during her first trip to Chicago.

Lai Piu (Demi) Ho has come to attend Edison for the 1992-93 school year. She comes from Hong Kong. In the U. S., she stays with the Gumolowskies. The Gumolowskies have had exchange students before, including six girls and one boy.

Demi says that Edison is a good school. She likes the teachers here because she can joke with them, unlike her teachers in Hong Kong. She also said that at school you can do more than just study.

Demi has joined F.B.L.A. She has been to Chicago and while she was there, she visited the Sears Tower. She also has gone to Great America. She rode the Batman, which was her very first roller-coaster ride.

She is thinking about attending college in America. She has applied to the University of Chicago, Notre-Dame, Indiana University Bloomington and Valparaiso University.

So far, Demi's attitude about Edison and the U.S. in general has been very positive.

Late in August, Hurricane Andrew brutalized the southern tip of Florida and the coast of Louisiana with winds of up to 164 mph, leaving more than 30 dead and thousands homeless. The most destructive hurricane in U.S. history caused an excess of \$27 billion in damage in the two states. In Florida, citizens and government officials called for an investigation into shoddy construction practices and building code violations which they claimed contributed to the enormous devastation.

As the number of refugees in war-torn Bosnia increased, the U.N. struggled to end the decimation of Sarajevo and the starvation of its residents. A war crimes commission was created to investigate atrocities.

Photo by Romeo Durschinger/Contact Press Images

Despite having to run a news-media obstacle course, U.S. military personnel secured Mogadishu, Somalia with relative ease and Operation Restore Hope began. Lacking the military muscle to end the turf battles between warlords, the U.N. authorized American intervention to restore order to a country whose collapse into anarchy had all but halted efforts to stop the starvation of its people.

It was not a typical presidential election—people voted. Motivated by concerns about a weak economy, unemployment and rising health care costs, Americans stood in lines for hours to say no to President George Bush's bid for a second term, and halted a 30-year decline in the voting rate. Bill Clinton, the governor of Arkansas, and Al Gore, a U.S. senator from Tennessee, were sent to the White House on an electoral-vote landslide. Candidates worked hard to stimulate the interest of the electorate, appearing on morning-news television programs and late-night talk shows, introducing the infocommercial, and campaigning on cross-country bus tours. But, nothing injected more excitement into presidential politics than the billionaire from Texas, third-party candidate Ross Perot—not even Murphy Brown.

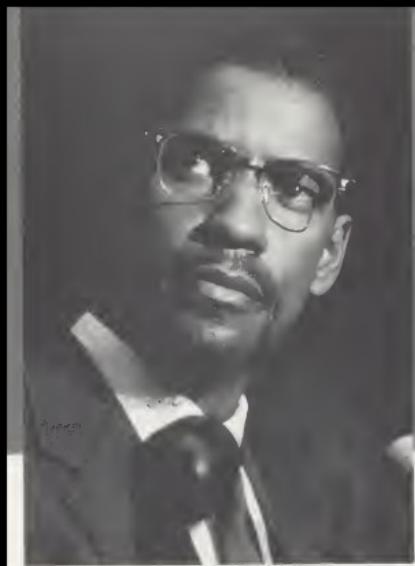

Photo by SYGMA

The same story told in a new city. *Home Alone 2* captured the hearts and the dollars of the holiday-season moviegoers anyway, earning more than \$31 million opening weekend. Macaulay Culkin delighted viewers as he was once again left alone, this time in New York City, to fend off the loveable bad guys from the first movie, Joe Pesci and Daniel Stern.

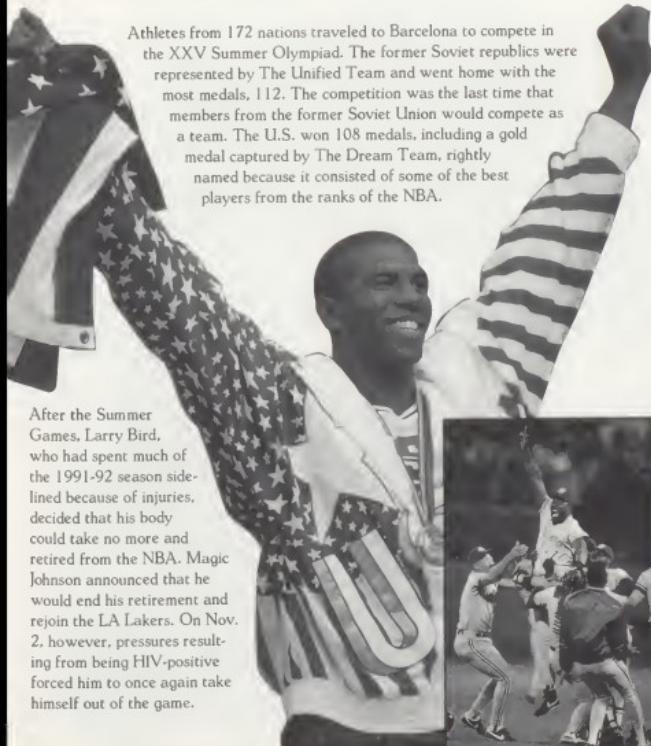

After months of build-up and controversy, Spike Lee treated the country to one of the finest movies of the season. *Malcolm X*. The film, starring Denzel Washington, struggled throughout its production because of inadequate financial backing and criticism from black nationalists. In the end, the 3-hr, 21-min. epic was viewed by the critics and the public as a success.

It was difficult to believe, but Earth's number-one super hero, Superman, died. He met his match during a battle with Doomsday in DC Comics' January issue of *Superman*.

Athletes from 172 nations traveled to Barcelona to compete in the XXV Summer Olympiad. The former Soviet republics were represented by The Unified Team and went home with the most medals, 112. The competition was the last time that members from the former Soviet Union would compete as a team. The U.S. won 108 medals, including a gold medal captured by The Dream Team, rightly named because it consisted of some of the best players from the ranks of the NBA.

After the Summer Games, Larry Bird, who had spent much of the 1991-92 season sidelined because of injuries, decided that his body could take no more and retired from the NBA. Magic Johnson announced that he would end his retirement and rejoin the LA Lakers. On Nov. 2, however, pressures resulting from being HIV-positive forced him to once again take himself out of the game.

It was not a good year for the British royal family. Princess Anne divorced and remarried. Prince Andrew and the Duchess of York, Sarah Ferguson, separated after the Windsor family tired of her public frolics. Prince Charles and Princess Diana ended the fairy tale when it was announced that they had also separated. To top it all off, a spectacular fire in Windsor Castle destroyed the 14th Century St. George's Hall.

Dave Winfield's two-run hit in the top of the eleventh inning clinched the Toronto Blue Jays' 4-3 victory over the Atlanta Braves in the sixth and final game of the 1992 World Series. Toronto's win was the first time that a team outside of the U.S. captured the title.

It's about that time...

One of the most anticipated moments in a student's life is graduation day. It's when all our accomplishments and achievements are finally recognized. Even though it's only a one day event, planning for it takes all year. Everything from open houses to your cap & gown sizing needs extensive preparation.

In December, students were measured while in their Government or Economics class. At that time, their head size and height are determined by Mr. Cosgrove

So, don't worry if the shoes are too tight or it's a bad hair day. At least you'll know your cap and gown fits.

Say "CHEESE!"

If there's one thing most of Edison's student's aren't, it's camera shy. For example, whenever someone says "Anyone want to be in a picture?", everyone races to get in front of the camera. Here are five seniors who "love" posing for pictures. Pictured from left to right is Percy, Chela, Joey, Blanca & Kelly.

Attitude!

The saying "Bigger is Better" isn't always true. Compared to other nearby cities and towns, Lake Station is one of the smallest. The Senior class of another high school is as big as our whole student body.

Throughout high school, we've seen it all, the fights and tears, the games and dances, the making and breaking of friendships and relationships. Hearts have been broken and hearts have been mended.

We've been through a lot the past 4 years, but we've made it. And now, we've all pulled together as one to represent Edison High School as

The Class of 1993!

Right: Varsity player, Joey Eakins, #45, helps out the freshmen team by being a "waterboy" for a game.

Below: Eagle Quarterback, # 11 Brian Constandars looks for an open man against the Kankakee Valley Cougars.

The 1992/93 Varsity Football team did better than to be expected considering a few disadvantages. When we asked Coach Stanford why this year's team didn't go as far as last year's team he replied, "We graduated several outstanding players who were excellent team leaders. We lacked leadership and team unity plus had a few injuries throughout the season." Coach Stanford also said this year's team tried hard and gave great effort.

There were also advantages to our team. Senior Denny Ward led the area with 7 interceptions and he holds the school record with 19 career interceptions. Lake Station's linebacker, Senior Tim Renn, led the area with 141 tackles. Also junior, Jack Stevens, did an excellent job with both offense and defense.

The students, faculty, and proud parents would like to congratulate the Varsity Eagles for a job well done.

The Lady Eagles had a good 1992 season. Their overall record was 5 wins and 13 losses and their conference record was 2 wins and 3 losses. They all had a great time working together and with the new coach. This year's new Junior Varsity Volleyball Coach Jane Statum, who played for Edison a few years ago. "I played volleyball all four years of my high school years, and three and a half were spent on the varsity team," said Statum, "So I really enjoyed teaching all that I have learned."

This year's team was very outgoing. All you heard from those J.V. Volleyball players was how great all of the competition was.

All of their dedication is what led them to a great competitive year.

COACH'S QUOTE

The tennis team finished their season with a 9-5 record, 11-6 including sectionals and regionals, coming in third in their conference. Helping with the Eagles' success were: #1 Singles - Anthony Coffman, #2 Singles - Jon Bodnar, #3 Singles - Michael Branson, #1 Doubles - Ryan Weeks and Ryan

Vondrak, #2 Doubles - Dan Bryant and Ian Stetler. Other players were J.V.: #1 - Bill Witka, #2 - Eric Wright, and #3 - Corey Clendaniel..

Their experience also helped the team win their sixth sectional championship in ten 3-2, and River Forest, 4-1. The

Eagles then lost in regionals.

Coach Hayes felt, "The turning point in the season was when they beat Griffith, 3-2". He then knew they had a chance to win sectionals. With this year's winning team coming back, Coach Hayes feels, "The next couple of years should be solid".

This year's Junior Varsity basketball team started out their season slowly, but quickened the pace as the season wore on, finishing with a 4-14 record.

"Even though we struggled early in the season, we came together as a team and worked hard to learn the game. Once we understood the game, we played with a lot of heart and we put together a great season ending run. COACH'S QUOTE

What inspired you to coach Varsity Basketball?

Glover - "I've always enjoyed being competitive. I also like the competitive spirit. I used to play when I was in high school and my coaches were the ones I looked up to. I enjoyed coaching basketball because it keeps you young for one thing. It also keeps you in touch."

Right: The ball was checked but Eric Mock isn't sure which way to go. Cary Gunning is also wondering who is going to get the ball.

Below: Jack Stevens passes the ball in bounds to Shanon Hamara.

Lower right: Here the Edison Eagles prepare for the game. Are they discussing a play or are they praying?

Despite the 4-17 record of the varsity basketball, they stayed focused on their assignments and worked very hard in practice. "The senior leadership of Brian Constandars, Cary Gunning, and Jay Stetler will be missed," said Coach Glover. However, there will be seven lettermen returning next year.

Some of the overall records were: leading team scorer, Jack Stevens with 24.5 points per game (personal best year scoring); leading rebounder, Eric Mock with 8 points per game; leading steals, James Moore with 2.5 steals per game; and leading assists, Brian Constandars with 4 per game.

Mr. Glover also stated, "the future looks bright for the 1993-1994 Eagles."

No Portage player can keep our Edison Eagles down. Here one tries to stop Cary Gunning and Eric Mock.

COACH'S QUOTE

What do you hope to achieve with next year's team?

Coach Johnson - "Well, ...the group of kids coming up need a lot of work when it comes to ball handling. I want to improve them offensively. Overall they are a good group of kids, that are real hard workers, and that should help them on defense. If we improve our offensive skills we should be okay."

J. V. Boy's Basketball

This years J.V. Boys basketball team ended the season with a 6 - 14 overall record.

"To many games that we got behind in the beginning...With 24 minutes it's hard to come back." J.V. coach Kevin Johnson stated as the reason for the low win record.

Though they started the season off with a slow start things picked up a little with the de-

fense.

The individuals who were moved up to Varsity were; Calo during the last 5-6 games, Branson joined midseason, and Anderson played during sectionals.

"We spent many games trying to crawl out of a hole, finding out that we didn't have enough energy to pull out." Stated Johnson.

COACH'S QUOTE

What do you believe was the hardest thing for you and this year's team?

Vondrak - For the team to actually believe in themselves. The more confidence they exhibited the better their skills became."

This year's freshmen basketball team really didn't win very many games. "The team had a lot of potential," says Coach Vondrak. When asked if he believed that some of the player's were good enough for the J. V. level his reply was, "they are good players, but every player has the ability to make it for the J. V. level if they try hard enough."

'93 Varsity Wrestling

The Eagle wrestling team's goal this year was to take conference. Although, they didn't accomplish that goal, they did send one wrestler to semi-state. Jesse Rodriguez took second at the regional tournament which qualified him for a position at semi-state.

This year's wrestling team really accomplished a lot considering the lack of experience of many

individuals. The wrestlers have improved throughout the season and are planning to take conference next year.

COACH'S QUOTE

Why did you get back into coaching?

COACH SCHMELTZER

"I enjoyed my coaching experience from 1981-1986 and when the opportunity opened I decided to return to track and field."

PLAYER'S QUOTES

What is your favorite event and why?

Vicky Moss at the starting block preparing for the first leg of the 400 meter relay event.

This year, Girl's track had a new coach, actually she wasn't new at all. Coach Schmeltzer previously coached track here at Edison and when the opportunity to coach track again she just could not refuse.

It seems they had a bit of a tough time this year with a season of 3 wins and 7 losses. The team also had 2 wins and 3 losses at Conference.

Connie Lewis was a Regional participant and placed 4th in the 200 meter dash at sectionals. Track participants receiving awards were: Seniors, Cindy Lopez, Mental Attitude; Connie Lewis, MVP - Running Events, Stephanie Loving, MVP - Field Events and Junior, Elsa Cruz, Most Improved.

The experienced Coach Schmeltzer is looking forward to many more great years at Edison. She is excited about next year and hopes the next year's participants are as enjoyable to coach as this year's team.

This year's Boy's track team had a rough start. They didn't have all that many kids going out you the track team to start with. As the season began and went on more kids had joined. Coach Locascio said that he had a hard time trying to convince his boys that they could do anything if they put their mind to it. A lot of players really didn't believe in themselves until they had proved to themselves that they had it in them to win. "Percy was one of my best hurdlers this year," said Locascio. Locascio said that he didn't like to point out just one player. It's the team that makes everyone willing to try to win. Their wasn't just Percy that made a difference. Every player on the team this year was someone special. You have your distance winners, your field competitors, their all very good in whatever they compete in. "I hope that I have a good team next year like the one I had this year," said Coach Locascio.

well. "This year's team made me feel proud," responded Salomon. There were twelve team players this year and for a tough and small team they tried very hard. We all had our bad times and our good, but when we had bad times we worked as a team to fix it. I hope that next year I will be able to have a team so ready and willing to play. When asked if he had any players who stood out above the rest, his reply was that there's not one player who was better than the rest. The golf team, which golfs at Cressmore, had a record of 3-9 with a conference record of 0-6. The coach, Mr. Loscaro, thought the members of the team had determination and perseverance. As an example of this determination, Norma McGinley was named the most improved player, and Jon Bodnar was named MVP. Both Stephanie Loving and Norma McGinley started at the meets. The coach also thought the team faced lots of adversity. "Although," he said, "five of the players made the season worthwhile, next year's team selection will be different than this year's was."

COACH'S QUOTE

What do you try to teach your players?

COACH GREEN - "I try to teach the players to better themselves both mentally and physically. Tennis is not an easy sport, sometimes the match may last 3 hours. It takes a tough individual to perform at a high level for that long."

76

This year's Girl's Tennis team had a good season; finishing with a record of 12-2 and also winning Sectionals 4-1 over River Forest and 5-0 over Boone Grove. The winners at Sectionals were: #1 Singles - Tabitha Beaumont, #2 Singles - Valerie Lopez, #3 Singles - Sally Collins, #1 Doubles - Tanya Hite and Monica Moss, #2 Doubles - Candie Childers and Jennifer Martyka. In Regionals, they lost 1-4 to LaPorte, with Tabitha Beaumont advancing to the Regional Finals in Indianapolis on June 5th.

Coach Green thought, "After losing the Invitational at the beginning of the season, changes should be made in the line-up, moving Tabitha Beaumont to #1 Singles. When Monica Moss came back from an injury, she was moved to #1 Doubles."

Even though they lost two tough matches at Griffith and Chesterton, the biggest highlight was winning Conference and Sectional Championships.

Left: Candie Childers and Jennifer Martyka wait for the ball to come their way during a double's match.

Left: Tanya Hite and Monica Moss return the ball to their opponents from Hammond Morton.

Miss Green said sectionals was the biggest highlight "Because we had to play extremely well to win 3-2, but, we played better than that to win 5-0 over a very competitive Boone Grove team."

Miss Green is very proud of the team because of their competitive spirit that they showed throughout the season. "They played to win."

This year the tennis team is losing 2 Seniors who are great assets: Tabitha Beaumont and Tanya Hite. "They were good role models for the team, because they worked hard in sports as well as in their school work. They were a joy to coach and will be hard to find student athletes to replace them," Miss Green said.

Cheerleaders

Being a cheerleader isn't all fun and short skirts. There's a lot of work involved. Trying to raise school spirit isn't easy, but our cheerleaders make the most out of it.

Last summer our Edison spirit boosters attended the National Cheerleaders Association Camp (NCA) at Ball State University in Muncie, Indiana. Camp was held from July 29th through August 2nd. They learned jumps, chants, dances and new techniques which helped them develop a one day camp of their own. Better known as the cheerleading clinic. The clinic is a great experience for future cheerleaders. All of the Edison cheerleading squads help girls, ages 8-12, learn what it takes to be a cheerleader.

Other activities the cheerleaders sponsor include: making spirit hoops, having tag days and selling candy bars.

With all of their fundraising, the Edison cheerleaders earned themselves new uniforms and a trip to Great America on May 23rd, congratulations!

Pep Band-Top row left to right: David Sichterman, Jenny Lewis, Jim Hamilton, Glenn Whitedge, Zack Kinsey, Rod Rollo, Mike Suarez, Jason Adams, Steve Lush, Kevin Wilshire, Michele Vajner, Fidel Lopez and Brian Handley--Bottom row: Megan Binkley, Norma McGinley, Corey Clendaniel, Aaron Dooley, Monica Moss, Christina Gagaleski, Elizabeth Biggs, Arlene McCown and Jill Havard.

This year's high school band has become a much better band in every way possible.

The band has fundraisers, they include fruit and candy sales; the money raised from the fundraisers goes to buy new uniforms.

The band also goes to contest in April, all of the High School Band goes, that's about 85 students.

The students are planning their annual summer trip. This year's trip will be to Cedar Point.

Some of the special things the students will be doing are going to play for the orphanage and play for senior citizens.

One of the biggest accomplishments may be for the band to have more individual practice.

More band students sweating it out as they continue to march during the annual fall homecoming parade.

You might think choir is all fun and no work, it's not! When you are in choir you really have to work to make your voice strong, and to be able to sing better. Just ask Miss Flock, who says she really enjoys working with people, and trying to make individuals' voices sound as one.

This year's Chorale went to Butler University for a workshop. Women's Choir went to St. Mary's High School for a Women's Choral Festival, and in April all of the high school choirs are going to competition. So, if you're thinking about joining choir be prepared to be busy and hard at work.

This staffer takes full advantage of the most recent issue.

Have you ever had to meet deadlines? Guess what, it's a very stressful job, just ask the newspaper advisor. Miss Witbeck says, "it's a lot of stress, but it's worth it when she hears students talking about the issue and knowing they're reading it." This year's paper presents more challenging ideas and articles, it becomes very hectic when deadlines roll around.

The staff hopes to make the newspaper more interesting, the articles are interesting and appealing, also make the pictures, more appealing.

The newspaper staff tries to get more daring, but sometimes it's hard, because they're not sure what the students will think. This year the staff finally became bold, and daring and they put the section "my view" in the paper.

Last but not least the newspaper won an award for "Best Newspaper," in our division. The front page of the newspaper was titled "CHAMPS," it was when the football team won sectionals.

Harmony Corbett, editor, won an award for best editorial writing on environmental issues. Even though Harmony is under a lot of stress, she still finds time for creative writing.

Trivia -
As of the last day of school, 210 books had been ordered.

Trivia -
Approximately \$14,000 was raised by this staff to pay

for publishing this book. **Trivia -** This book has the first foldout in an Edisonian book. Cost of the foldout page was \$1,500. **Trivia -** This book contains more ad pages than ever before. **Trivia -** This book has 6 more pages of color than any other Edisonian.

People ask what is Yearbook class? Well, for the people who would like to know, it's a class where at first you sell ads to local business to raise money to get the book going. During the fall a chosen few will learn to develop and print film and photos to be used in the yearbook. Then comes the fun part where you get to start working on the actual layouts from which the book will be made.

Part of the routine of being an Edisonian Staff member is learning how to use the Macintosh computer. We are currently using the PageMaker program on two computers. Walsworth Publishing Company is buying our staff a System 7 Macintosh because we have increased the size and overall cost of our book each of the last four years.

Also, our editors and four other students attend a fall workshop to decide on the cover and the theme for the book. Those students return to class the next day and share the information with the rest of the class and then ask for suggestions on how to carry out the theme throughout each section of the yearbook.

People think that when we put our yearbook together that it is just a class putting pictures on a page, but it's not. There is a lot that goes into the book, a lot of hard work, and especially heart and soul! It's a book full of memories, that parents, kids, and young adults will look at for many years to come.

The yearbook staff hopes you will enjoy this volume. It is the largest book in the history of Edison and has more color pages than in any previous book. We will not know the final cost of the yearbook until it arrives in September. However, the current estimate is eleven thousand plus. The yearbook staff must earn that amount of money to pay for the book. The staff accomplishes this by selling business, booster and parent ads, book sales, old picture sales, Wicker Chair Portraits and co-sponsoring the Lip Sync Contest.

The best part of yearbook class has to be when the book is finished, printed and arrives at Edison in the fall. The comments, laughs, memories, the oohs and ahhs are just as much a part of the yearbook class as the actual making of the book. ENJOY!

DECA is a program at Edison High School established only for juniors and seniors. DECA was designed to help these students find jobs. Its purpose is to help prepare high school students for careers in business. It also teaches students how to develop a network of businesses. DECA's sponsor, Mr. Kincaid, who has been teaching DECA at Edison for 11 years, says he enjoys teaching students how to compete for jobs.

Honor Society Sponsor, Mrs. Jeanne French.

New inductee, Dawn Gonzales, receives her certificate, flower and honor society pin from School Board President, Mr. James Vanderlin.

Honor Society is an honor that is not to be taken lightly. You have to work hard to be a member. You must have a 3.0 grade point average and have a great attitude.

This year's Honor Society sold love pops for a fundraiser, they also held a chicken dinner and raised \$800.00 for Dollars for Scholars. In February, the Honor Society went to the Chicago Stadium to see *Disney on Ice*.

So, if you ever decide that you would like to become a member of the National Honor Society remember to keep those grades up and don't take school lightly!

What's Happening

Every year, Student Council has its first meeting of the year at the Indiana Dunes. Members who decide to go enjoy a cookout and going to the beach for swimming and sunbathing. Then, after fun in the sun, they meet together and make plans for the year. For example, homecoming theme, spirit week, and all sorts of committees.

This year there were some changes. Among the changes was a new advisor. Miss Shively took the responsibility, and a big one it is! Good thing she had her five officers to help her. Those officers this year were President Mike Dunn, Vice Pres. Laura Martyka, Secretary Shannon Menear, Treasurer Kellie Statum, and Parliamentarian Lisa Anderson.

This year, there was a new award to recognize teachers from the Student Council members. This year's winner was Mrs. Karol Witbeck. Her name will be engraved on the plaque in the office along with the other winners.

So, if you're into having fun and have spirit for your school, talk to Miss Shively or a class sponsor about joining Student Council. It's a great way to be active in school.

In November, Spanish Club members were asked to sell cheese and sausage. The money they raised pays for their field trip to Chicago.

This year at the Field Museum, the students will be able to view many exhibits from: South and Central America, along with Mexican Indians.

They will then have lunch at Mi Casa, Su Casa. Students will be treated to a delicious Mexican lunch. All the members are looking forward to their field trip this year. Selling cheese and sausage will be a great exchange for the fun and cultural experiences they will surely enjoy on the annual field trip to the Spanish Restaurant.

Mr. Dobrich has done exciting things with his french speaking students, for instance they took their annual field trip to Brookfield Zoo, where many of the students had fun. Mr. Dobrich would like to do more things, but there's just not enough time during the year, he'd also like to order French Club sweatshirts, but so far there haven't been enough students interested in ordering them.

Guiding & More . . .

Above: The Peer Helpers went to Charter Hospital in May for an end of the year evaluation workshop. Here they show how cooperation helps all involved to succeed.

This year the '93 peer helpers have a new sponsor Mrs. Gertz. When we asked her how she liked being the new sponsor for the peer helpers she replied, "It is a wonderful feeling to have such dedicated young people who want to help their fellow classmates to work with and come up with ideas to help others." This year the peer helpers have been very busy doing different activities. Such as going to Charter Hospital, and to the elementary schools to talk to kids about drugs. The peer helpers also went to Crown Point where they stayed the whole weekend in the school's gymnasium. Where they discussed topics about being drug free, and saying no to drugs. According to peer helper Dayna Stowell, being a peer helper is fun and exciting, but it's also a lot of hard work. But, if you get along with others maybe this is the thing for you.

Above & Below: The Peers pose for pictures in the school van. This year the Helpers attended four different workshops to train them in working effectively with their peers. One of the topics stressed was refusal skills or "how to say no," another workshop they attended was SNOWBALL at Crown Point High School.

Above: The Peer Helpers received t-shirts this year. All of the peers are enjoying some free time during their break at the Charter Hospital workshop.

Activities

Spirit Week

Miss Shively and her lovely flower children sit together to have a hippy get together.

Below: Trinity Burns shows his spirit by posing for a picture for room decorating.

Wendy Robbins and Beth Kedar take a break from the hippy rally to get a refreshment.

Danny Draper holds up a sign and prepares to pose for his picture.

Right: Dama Grigsby and Lisa Anderson stand next to their statues in Miss Wibeck's room during classroom decoration day.

This year's spirit week started off on Monday which was crazy hair day and clothes day. Tuesday was hippie day and the students dressed up in some 60's fashions. Wednesday was class colors and everyone was to wear their class colors. Seniors: green and white Juniors: black and gold Sophomores: purple

and black Freshmen: blue and green. Thursday was backwards day. Students wore their clothes the opposite way. Friday the best of them all was red and black day. The students and faculty wore our traditional school colors which are red and black. Overall we had a good turn out for Spirit week.

A Blast from the Past

The Juniors are hoping that their wizard can cast a spell on the Spartans.

Freshmen show their class spirit with their very first time float.

Craig Menear, Mike Ritz, and Tim Turner show that they are ready for a victory.

The parade started at Central Center at 4:30 and went down Central Avenue. There were many different clubs and organizations that participated in the parade. Mr. Dobrich's French club was one of the many clubs that joined in the festivities. Other clubs that were included in the parade were: cheerleaders,

homecoming candidates, Freshmen, Sophomore, Junior, and Senior floats, Jr. and Sr. High school bands, Volleyball, and Jr. High Cross Country. We had a very big turn out for the parade. Everyone was all hyped up and ready for our football team to fight for a victory.

Above: The Seniors give it their all to make their last float the best.

Above Left: Shannon Menear shows his spirit by getting a picture with his class float.

Almost Anything Goes

The almost anything goes is a time when all the girls get together and show off their stuff. This has been a popular event at our school for awhile now. There are many different events. Some of the games were: egg toss, tug O war, treadmill, clothes change, wheel barrel race, three legged race, and the balloon pass. In the end all of us had a great time. We worked together to prove that we all can be winners.

The class of 96 are working hard to win in the annual Almost Anything Goes Games.

Jennifer Tarrin and Graciela Loza race to the finish line to assure a victory.

Top Left: Vicky Moss and Nicole Rainwater run side by side to the finish line.

Tabitha Beaumont, Karen Handley and Graciela Loza show their strength in the tug o' war event.

Bonfire

The football team show their team spirits they get pumped up for a victory.

Coach Stanford does his part in getting not only his players but the student and fans motivated for a win.

Mr. Kincaid gives the team a pep talk to give them a boost of confidence.

Kevin Wilshire shows his participation in the excitement at the bonfire.

This annual bonfire was filled with intensity and confident people. Everyone was hoping for a victory at the homecoming game. The coaches gave speeches in hope that it would get the football players ready to spear the spartans. Everyone was hoping that we could add on another victory. The captains of the team gave their speeches on how they felt. In conclusion they gave it their all and that's what counts.

King and Queen (A.K.A. John and Sherry) enjoy their royalty at the homecoming dance.

On October 2, 1992, during the homecoming halftime festivities Sherry Forsythe was crowned this year's homecoming queen. She was congratulated with a bouquet of flowers. Mr. Zurcher presented her with crown, sachet, and pin. She was selected out of a medieval court consisting of Monique Avila, Tabby Beaumont, Penny Bolton, Rachel Haas, and Stephanie Villanueva.

Earlier that day at the pep session, John Tshahas was crowned as the 1992-93 homecoming king. His court consisted of Brian

Constandars, Junior Lopez, Jeff Svantner, Denny Ward, and Percy White.

The dance was held on the Saturday night following Friday night's homecoming game. Couples danced to music from Entertainment Express, while they enjoyed the extravagant medieval decorations provided by the Student Council. This year's Homecoming Dance, "Turn Back Time," had the highest attendance record of any dances in the past.

DRUG FREE ZONE

Vicky Moss, Frankie Coulter, Heather Richardson and Danny Bryant (not pictured) were the winners of the Red Ribbon Week Jingle Contest.

Mike Suarez poses for a picture to model the 1992-93 Red Ribbon Week T-shirt. The design for the t-shirt was selected from Lake County student submissions and the winner was a student from Hobart High School. In January 1993 the Parents for Prevention, which is the local sponsor of the Red Ribbon Campaign, sent letters to all schools in Lake County asking for student drawings for the '93-'94 Red Ribbon Week Logo. Hopefully, an Edison Student will be next year's lucky winner.

Red Ribbon Week is held yearly to symbolize the united effort to reduce the demand for drugs. Students at Edison are asked to sign cards pledge cards to remain drug free and to wear red ribbons to acknowledge their choice.

Other activities included at Edison were: a poster contest for the Junior High students, a banner and a jingle contest for High School students and both did hand tracing and were visited by the Grim Reaper.

Red Ribbon Week gives people a chance to say that, as individuals and as a community, those of us who choose to remain drug free are in the majority.

In conclusion, Red Ribbon Week is a time to be drug free and pledge to stay clean from drugs. The last week of October is Red Ribbon Week, join us in 1993 and pledge to be drug free.

Jamie Click, Heather Dodd, Dale Ginter, Shelly Carter, Scott Lewin, and Eva McKee were the winners of prizes for the pledge card drawing. Students were given their choice of prizes from the following local businesses: Rax, Dairy Queen, Subway, Bank One, Harvey's, McDonald's, Gertie's and Papa G's.

This year's Prom was held on May 8th, 1993 at the Marquette Park Pavillion in Miller. Over 89 couples attended the unforgetable event. The night was filled with love, and romance was in the air.

They could not have picked a better day to have the prom. The weather was just beautiful, and the setting couldn't have been more perfect.

Everyone had a good time and danced the night away.

Everybody who attended the prom seemed to have enjoyed themselves.

GRADUATION

An Attitude of Success

Valedictorian, Mike Dunn's speech told us to realize our achievements.

Salutatorian, Ryan May gave a memorable speech.

Senior Class President, John Tsahas welcomed everyone to the graduation ceremony.

Cary Gunning, Rich Rubino and Joey Eakins share their last moments together as Seniors!

This year there was a change made at graduation. The state made a law that no public school was allowed to have a Baccalaureate service at commencement. Some people felt that graduation was not the place for praying, it was a time to give thanks to their school, to their friends and receive their diploma. In addition, not everyone that comes to commencement is religious. Even though religion is not the point here, it should be what the class decides to have. After all it is their day to go forth in life. So, this year a senior student, Ryan May, had a petition signed among the senior class to let him say a short prayer after his Salutatorian speech. This speech will be greatly remembered among a lot of people, especially the seniors. To some it brought a smile to their face and to others it brought a tear to their eyes. In fact, it was so good that he received a standing ovation.

As the ceremony ended, Mr. Jones, acting principal, announced that the class of '93 had met all of the requirements and were ready to graduate. The seniors moved their tassels and became the 59th class to graduate from Edison Sr. High School.

Lori Turner and Michele Law look exhausted after being awake all night.

Shanna Nush and Nick Alcocer are tired from all the activities that they joined in at the Lock-In.

This year's lock-in was held on March 6th. There were as many as 200 people in attendance. It was a night of games, movies, and excitement. There was so much to do and so little time to do it. The game laser tag was the best

source of fun for most people.

Despite all the fun, there were some injuries. However, that didn't stop them from having fun. People had a real good time and hope to have more lock-ins to look forward to.

Bottom Left: Jennifer Rosendau, April Darnell, Vanessa Santos, Marlene Noriega, Michael Soto, and Marcus Cruz talk the night away in an effort to stay awake.

This year's February events were Snowcoming/Sweetheart/Turnabout Dance. CONFUSED? So was almost everyone. During Snowcoming we dressed up for College Sweatshirt, Pajama, Hat, Hawaiian, and Red and Black days.

After a week of Spirit, we were disappointed without a pep session or even a home game.

However, the week ended well on Saturday at the dance (sponsored by FBLA). The gym was beautifully decorated in sweetheart colors and little snowwomen and men.

This year's Mock Wedding was held on May 21st, 1993 at 1:30 in the high school auditorium. The bride and groom were Denny Ward and Romi Spears. This event will be one to remember. There were many things to prepare for. Some of those things were: decorations, flowers, minister, refreshments, and outfits. Mrs. Roberts' 5th hour marriage class spent many days preparing for the big day. This will be an experience that they will remember forever.

Members of the wedding party were: Elsa Cruz, Eliza Vega, Penny Bolton, Candace Maxfield, Terri Dunn, Jason Baldwin, Romi Spears, Denny Ward, Derek Kroledge, James Wheeler, Gabe Garcia, Jay Purcell, Bill Hartgraves.

Student Opportunity for Assistance and Resistance is a program that has been in progress for two years. It is only offered to the students of Edison Jr. Sr. High School. The students that attend Soar are at a higher risk of dropping out school. Soar also helps these students deal with the pressures of growing up. Soar has been going a lot better than expected. The staff members are

Project Soar

Student Opportunity for Assistance and Resistance

pleasantly surprised with the results. This year one more teacher has been added to the staff. This has been wonderful for Soar, because instead of one teacher to work with students from three different

grades, there are two teachers to divide the work. That means more one-on-one instructions for the students. Project Soar has an incentive program for the students who have good attendance and are pro-

gressing in their work. They receive prizes from business', which are greatly appreciated. The School Board and Administration are also very helpful in this program.

The drive is ON, this year's can food drive had a better turn out than the previous years. Some students only participated so that their class would win, but the outcome was all of Edison students showing their giving spirit to help the needy.

Students brought in cans and others just donated money. Some student on their free time would go to houses and even stores asking for donations. Many of the local residents and businesses contributed to the worthy cause. All together the school collected 11, 624 cans and I'm sure it really helped out the people who were in need.

The Sophomore class shows off their spirit: during the Homecoming parade.

David Hehr shows Cass Stone what a real haircut should look like.

Tracy Purcell takes a break from her book to smile for the camera.

Mrs. French's typing class gathers around for a candid.

Crissy Owens and Misty Mote sneak through the hallways.

FRESHMEN

Above: The freshmen Class Officers and Sponsors. Back row: Mrs. Fields and Mrs. Roberts. Front row: (L - R) Girl's Representative - Norma McGinley, Treasurer - Jill Havard, Boy's Representative - Nicklaus Reyes, President - Jill Mitchel, Vice President - Amy Howell, and Secretary - Jennifer Kazen, who is not pictured.

This year the freshmen class is sponsored by Mrs. Roberts and co-sponsored by Mrs. Fields. Together they decided to sponsor the class because they wanted to be involved with the students throughout their high school years.

Mrs. Roberts likes working with the freshmen because of their enthusiasm. She is anxious to see how they change in the next three years.

Mrs. Fields loves helping Mrs. Roberts because "the class is a good bunch of kids" and "they're new to the high school".

Both teachers agree that they are treated with respect by the class. Mrs. Roberts also said that they are "learning about each other cautiously".

Mrs. Roberts said that the freshmen are learning about how dedicated they need to be in their school spirit and they have high hopes for themselves.

Both sponsors said that "the freshmen are going to have some in-school fundraisers in the future" and they are "planning on getting the freshmen more involved."

*My Son Grows Up
My hands were busy through the day,
I didn't have much time to play,
The little games you asked me to.
But when you'd bring your picture book
And ask me please to share your fun,
I'd say, 'A little later son.'
I'd tuck you in all safe at night,
And hear your prayers, turn out the light,
Then tiptoe softly to the door...
I wish I'd stayed a minute more.
For life is short, the years rush past...
A little boy grows up so fast.
No longer is he at your side,
His precious secrets to confide.
The picture books are put away,
There are no longer games to play,
No good-night kiss, no prayers to hear...
That all belongs to yesteryear.
My hands, once busy, now are still.
The days are long and hard to fill,
I wish I could go back and do
The little things you asked me to.*

**LOVE
AND
CONGRATULATIONS,
DAD AND MOM**

UNTIL TIME STANDS STILL

It all seems like yesterday, when we were blessed by a beautiful daughter.

Someone who we could hold in one arm, and still do something with another.

Going through everything a parent must do, but still holding a firm hand.

Knowing when to tell you no, even if it meant, seeing that pathetic frown.

Where has the time gone, when we had our little girl, this little person who depended on both our guiding hands.

Time goes by so fast, time that unfortunately, even for the best, can't last.

If only it would stand still, just long enough, for us to really enjoy the pleasures of our past.

A little girl is no longer there, instead a young woman, who sometimes, we can just sit and stare.

This young woman who any parent would be proud of, but better yet one who has her own self-confidence. And yes, along the way we can still remember your first day of school, and now here we are at your last. So before you go off into this sometimes cold and cruel world, just remember that you will always be our darling daughter for now and forever...until time stands still.
